Anchorage Park Foundation

2006 Capital Project Requests

February 2006
Anchorage Park Foundation
 Do you have a vision for parks, trails, open spaces and recreation in Anchorage? Consider the Anchorage Park Foundation as your opportunity to fund community projects through public-private partnerships. Rasmuson Foundation is challenging community and neighborhood groups to give to the Anchorage Park Foundation, and will donate \$1 for every \$1 raised for projects to improve parks and trails. For a Challenge Grant Application visit www.AnchorageParkFoundation.org

Anchorage seeks to improve and maintain parks and trails; preserve natural areas; protect water quality around local lakes, creeks and streams; and provide for playground and family recreation areas. Working together we can raise funds from a variety of sources to accomplish these goals.

Federal funds, state funds, municipal bond funds, and donations from individuals, foundations and corporations can be leveraged to invest in renovation and repair, to protect our investment in Anchorage's public lands.

These proposed projects are improvements that upgrade safety, appearance and function of our public spaces. Projects range from re-seeding lawns and providing irrigation to park land, installing wayfinding signs in parks and on trails, providing new play equipment, replacing old park amenities such as trash cans and picnic benches, and installing lighting for recreation areas and trails.

All of the projects on this Parks & Recreation list are a result of public demand. Working with groups throughout Anchorage, Parks & Recreation intends to be responsive to community needs, and seek funding for projects large and small. The needs identified point to a large deferred maintenance list which we hope to reduce from year to year as we strive to repair the growing number of public assets in our care. See our "Capital Improvement Program 2006-2011" for a glimpse of projects to come...building on 2006 successes! (<http://www.muni.org/iceimages/OMB/ACFCC0E.pdf>)

Parks & Recreation
 Anchorage has over 10,000 acres of municipal parkland, 200 parks, and over 250 miles of trails and greenbelts that link neighborhoods with surrounding natural open space and wildlife habitat. These are considerable assets for the citizens of Anchorage to enjoy and maintain.
 Parks & Recreation launched the *Clean & Green, Safe & Secure Campaign* with the Anchorage Park Foundation to upgrade the safety, function, and appearance of Anchorage parks. To get involved call 343-4288.
