Trail Marker

Anchorage's 200 + miles of trails are getting easier to navigate with the help of trail marker signs and maps. Purchase these signs for a tricky section of your favorite trail, and a small recognition sign will be posted in celebration of your contribution.

Kincaid Kiosk

Kiosks are well used in Anchorage for getting information to park users about safety and conditions. Two new kiosk designs are on the way – we know the price range but you'll have to wait for the photos. If you know your park needs a kiosk and you are ready to help, give us a call.
